

Radio Rag

By the time you read this, Radio Rag should have just finished its first week-end of broadcasting on behalf of MASS Rag. If you haven't heard us yet, you can find us on 225M (1332 KHz) Medium Wave and 88.6 MH Stereo VHF between 9.00p.m. and 1.00a.m. at week-ends. Next week-end we will be on again with music, request phone-ins and dedications, and the week-end after (Friday 5th March) we will be on for the last time, featuring our radio van which will be out conducting live interviews on the Bogle Route. If you want any requests or stickers, then write to:

RADIO RAG
P.O. Box 88,
MANCHESTER.

We would be especially grateful if you could let us know what you think of the station, and what reception is like - last year they heard us as far away as Aberdeen and Kent! For those of you walking the Bogle Stroll this year, remember to take a transistor radio with you, as there will be a special radio link to the Bogle H.Q. so the organisers can pass on messages - if our radio van spots that you're listening, you might even end up on the air yourself!

Hope you'll listen

RADIO RAG '82
